About Us

At Applied Home Healthcare Equipment LLC, we know what it takes to deliver oxygen safely, keep it secure, and help patients benefit from every molecule. And we know what you need to stay compliant every step along the way. Just ask.

With Applied, you'll get the selection, service, and support you need to help your patients—and manage your business successfully.

"'Opportunity' is a word that does not give justice to what OxyGo/Applied and the folks that work there can do for a DME business. They help with not only oxygen equipment and supplies, but also the training and compliance required by the industry."

ST. MARY'S PHARMACY, INC.

Transfill Systems

Product Name and Description	Part # / Options
OxyFill Liquid to Gas Oxygen Refilling System Fills up to 66 oxygen cylinders per hour. Quiet operation, turnkey setup and easy maintenance.	**#OF-7000**
Rebuilt OxyFill Liquid to Gas System Machine that has been rebuilt to the equivalent of new.	**#OF-700R**
OxyFill Base Refilling System Fills 5 small cylinders from six "H" cylinders. Includes mounting hardware, connections, and pigtails.	**#OF-510**
OxySupply Base: 6 Cylinder Supply Fills from 6 supply cylinders. Recommend for those who use 60 or less cylinders per week.	**#OF-586**
OxySupply Base: 8 Cylinder Supply Fills from 8 supply cylinders. Recommend for those who use 80 or less cylinders per week.	**#OF-588**

Mobile Fill Racks

12 Cylinder Mobile Fill Rack Increases system filling capacity by 12 cylinders. With easy hand tightening knobs, pigtail, and industrial swivel casters.	**#HME-0003**
20 Cylinder Mobile Fill Rack Increases system filling capacity by 20 cylinders. With easy hand tightening knobs, pigtail, and industrial swivel casters.	**#HME-0002**
20 Place Mobile Filling Rack With CGA-870 quick connectors.	**#HME-0002-QC**
12 Place Mobile Filling Rack With CGA-870 quick connectors.	**#HME-0003-QC**

Quick Connectors

High Speed OxyFill Quick Connector Works with all CGA-870 post valves, 1/2" NPT male inlet for use on oxygen manifolds. (Not available in 1/4" NPT).	**#1109-9932-1**

Applied's Worry-Free Transfilling

Oxygen Analyzers

Product Name and Description	Part # / Options
Servomex 5230 Model 3 For use with oxygen strength measurement (+-0.1%). Includes power adapter. Compliant with and required by FDA Guidelines.	**#OF-941**
Servomex Oxygen Analyzer Loaner Rental Keep filling while your unit is in for annual maintenance.	**#OF-935**
Servomex A+ Check Annual maintenance includes calibration testing and certificate.	**#OF-936**
Power Supply For Servomex 575, 5200, and O2 analyzer.	**#OF-575PS**
Replacement Filter For Servomex 570, 572, 575, and 5200.	**#OF-903**
Servomex Drying Tube	**#OF-906**

Handheld Analyzers

OxyStat O2 Analyzer Handheld analyzer, measures 0.5 to 100% concentration with 2% accuracy. Calibrates to room air or oxygen source. AA batteries included with tubing.	**#OF-990** OxyStat Analyzer
	#OF-991 Replacement Sensor

Spec Gases & Regulators

Oxygen Calibration Gas CGA 540 Aluminum E Cylinder. See Instant Gas Order Form online.	**#SG-100-1**
Nitrogen Calibration Gas - (0/Low) for Servomex CGA 580 Aluminum E Cylinder. See Instant Gas Order Form online.	**#SG-200**
Nitrogen Purging Gas - (Comparable to Nitrogen NF) CGA 580 Aluminum E Cylinder. See Instant Gas Order Form online.	**#SG-300-1**
Nitrogen Calibration Regulator CGA 580. Inlet max 3,000 psig; Outlet: Adjustable, max 10 psig.	**#1108-0004**
Oxygen Calibration Regulator CGA 540. Inlet: max 3,000 psig; Outlet: Adjustable, max 10 psig.	**#1108-3113**
Calibration / Air Regulator Adjustable 2 to 10 psig, with metering orifice. CGA 346.	**#1108-3114**

SEE IF TRANSFILLING IS RIGHT FOR YOUR BUSINESS.

If you answer "yes" to any of the following, then transfilling could save you a significant amount of money and headaches!

- I want to save money.

- I'm using a significant number of cylinders and costs just keep going up.

- My supplier is constantly adding fees, losing my cylinders, and running out of cylinders when I need them.

- My business and volume is increasing.

Gas to Gas Replacement Parts

Product Name and Description	Part # / Options
Check Valve Spud CV Spud for Supply Manifold. 1/2" MNPT x CGA 540.	**#1120-0181-1**
CGA 540 Connection T Made of brass with a CGA 540 Female Inlet and two CGA 540 Male Outlets, with 3,000 psi working pressure. 2.75" x 2.75".	**#1109-1010**
Supply Side Addition Adds one supply side station. Includes mounting hardware, manifold, stainless steel pigtail.	**#OF-503**
High Pressure Control Regulator Oxygen Service. 3,000 psig, 1/4" MNPT inlet. 2,500 psig, 1/4" MNPT outlet. 2 Gauges and calibration certificates.	**#1110-1454**

Vacuum Pumps & Accessories

Product Name and Description	Part # / Options
Felt Filter for Super Duty Vacuum Pump	**#1108-0008**
Muffler for Super Duty Vacuum Pump - 1/4"	**#1108-0009**
End Cap Assembly for Super Duty Vacuum Pump	**#1108-0010**
Super Duty Vacuum Pump Includes 3 prong/15 amp plug and on/off control. One unit w/plug.	**#1108-0013**
Vacuum Regulator with High Pressure Inlet 1/4" NPT outlet with relief valve and certified vacuum gauge.	**#1110-0423-1**
Vacuum Pump Service Kit Includes: 4 Carbon Vanes, 2 Felt Filters, 2 O-rings, and 1 Gasket Rebuild Kit for OF-7000 or HP-40 Liquid to Gas systems.	**#OF-722**

Applied's Worry-Free Transfilling

☑ Complete, documented installation and training on-site. Plus FDA registration, procedure manual template and required form training.

Liquid to Gas Replacement Parts

Product Name and Description	Part # / Options
Super Duty Vacuum Pump For OF-7000 / HP-40 systems.	**#OF-720**
3-Way Ball Valve - 1/4" NPT, Female For OF-720 vacuum pump on OF-7000 or HP-40 system.	**#OF-721**
Vent Valve - OF-7000 or HP-40 Inlet 1/4" NPT Male. Outlet 1/4" NPT Female.	**#OF-734**
Cryogenic Valve - OF-7000 or HP-40 3/8" NPT Female by 3/8" NPT Female.	**#OF-735**
Clevis for Stainless Steel Roller For OF-700, OF-700R, OF-7000, HP-40. OF-737 & OF-745.	**#OF-736**
Replacement Clevis Roller For OF-700, OF-700R, OF-7000, HP-40.	**#OF-737**
Pump O Ring Seals For OF-700, OF-700R, OF-7000, HP-40.	**#OF-738**
Vacuum Pump Filters - for OF-720 Vacuum Pump 3/8" NPT Muffler. For OF-700, OF-700R, OF-7000, HP-40.	**#OF-742**
Vacuum Pump Muffler 3/8" NPT Muffler. For OF-700, OF-700R, OF-7000, HP-40.	**#OF-743**
Side Roller 1" outer diameter. For OF-700, OF-700R, OF-7000, HP-40.	**#OF-745**
Pressure Building Regulator For OF-700, OF-700R, OF-7000, HP-40.	**#OF-747**
Pressure Switch - 1600 psi For let side of OF-700, OF-700R, OF-7000, HP-40.	**#OF-750**
Top Pump Seal For OF-700, OF-700R, OF-7000, HP-40.	**#OF-751**
Top Seal, Nut and Clip For Liquid System SN #239 and newer.	**#OF-756**
Liquid Level Gauge For OF-700, OF-700R, OF-7000, HP-40.	**#OF-760**
Condensation Purge Kit Reduced ice build up and keeps system working better, longer.	**#OF-803**

Did You Know?

The FDA requires training on a "frequent and continuing basis," usually interpreted to be about twice a year.

☑ The Quality Control Unit, and all Oxygen Transfilling Personnel should have proper FDA training for their jobs.

☑ Drivers need training as a requirement for FDA if they fill from a transfill system or if they fill liquid to liquid curbside.

☑ The DOT requires drivers to have training "at least every 3 years, and within 90 days of employment for new employees."

## WE CAN HELP YOUR TEAM STAY COMPLIANT!
